

UPSTATE GLOBAL HEALTH INSTITUTE

Study NEWSLETTER

1. Study Milestones & Timeline

Study Milestones

- **Site Initiation at GHI Campuswood clinic- 12/18/25.** Visit was reschedule from 12/4. Pfizer will confirm we are fully trained and supplies have been received. They will give us the OK to begin study visits
- **First Patient Scheduled for 1/5/26**
 - **Referrals received as of 12/9/25= 35 and 5 have been scheduled!**

Timeline

- **Goal = 500 Patients Enrolled- 7/1/26**
- **Goal = 1,000 Patients Enrolled - 2/1/27**
- **Anticipated last study visits in 2030**

2. Next Steps

Begin chart reviews- Real time chart reviews or retrospective for the past year

Talk to your patients- Provide printed or electronic study info. Get OK for GHI to contact. **Important: Please, only send referrals if patient has agreed to be contacted regarding the study**

Send patient info to GHI- Complete RedCap data forms or send via EPIC in-basket message
